

I was born on the 4th of July, 1962, the fourth son in a family with five boys.

We raised cattle, chickens, goats, horses, rabbits and hogs.

We didn't have much, except a strong work ethic instilled by our parents.

Wendy and I were married in 1996 and we have one son.

This has been our home for over a quarter of a century. We love Orange County, our neighbors and the life we live in this very special place.

My Father passed in 2016. My mother is 80 and on Social Security and Medicare. The values she taught me as a young boy still live in my heart.

Meet Orange County's Scott Baugh

“Growing up on a farm, I learned from an early age the value of Hard Work, and the importance of Faith, Family and Freedom. These are the values I will take to Congress.”

Each year my mother took all five boys to local orchards to pick pears that we would sell on the side of the road to make money for school clothes.

I played baseball and football growing up and was Captain of the JV football team and Captain of the Varsity football team.

Starting at age 12, I worked in my father's linen business during the summers. I got my first delivery route on the day I got my driver's license, delivering 6,000 pounds of clean linens to Mercy Hospital every morning at 6:00 a.m. before going to school.

Over the years, our family farm grew. We farmed organic alfalfa. I took over operations when my father got sick.

I went to community college, then the University and finally Law School, paying my own way along the way.
